

CUMC Building Re-entry Survey

As you read in our update there is much to consider in opening our doors up for worship and any gatherings. For example, with current guidelines there would be no singing, masks required by all, people in pews would be separated all around by six feet, no fans but windows could be opened if weather permits and no fellowship or food as well as one way entrance and exit in small groups to leave immediately after service. Yes it would be quite different from what we remember last.

Note for each question when you select 'Other' you can type in any comments you may have.

And at the end there is a place to add any other thoughts, concerns, or suggestions.
